NEWMAN'S NEWS

A Letter From Our Developer

The holiday season is here! The Hideout golf Club & Resort is embracing the holiday spirit and has decorated our Lodge festively for the season!

Winter annuals have been planted around the resort to preserve the beautiful Hill Country landscape our guests and owners have come to love and cherish.

The golf course has been overseeded with winter rye to maintain its amazing grounds throughout the winter months.

Now is the most wonderful time to visit the resort! We'll keep the hot tub running throughout the holiday season, as well as supply chopped wood for firepits around the resort, and inside in our Lodge and Ranch House accommodations.

You won't want to miss our featured Brunch event on December 22. It'll be a delicious spread of breakfast favorites, and even Santa will be there himself! Make sure to RSVP on Facebook!

It's not too late to book your winter getaway! Some cabin availability remains for the month of December, and right now is the perfect opportunity to take advantage of our limited time offer.

THE HIDEOUT
GOLF CLUB & RESORT

To provide and ensure the best playing conditions, all tee boxes and fairways have been over seeded with seasonal ryegrass. This process keeps turfgrass growing throughout the winter months for our members and guest to enjoy.

During the winter months here in Texas, it's typical for the day to start with low temperatures, only to warm up to ideal golfing weather later in the day. Please note that if temperatures drop below freezing overnight, the golf course will be under a frost delay as the greens will need to warm up before they can be played.

To avoid having to wait for the course to open, we encourage you to call the Pro Shop for updates.
